

SUMMER PASS

\$25 Per Hour | 1-2 Hours Per Day | 40 Total Hours of Tutoring

\$25 Per Hour

To ensure our students continually improve, our Summer Pass provides you with the lowest rates all year. Each summer we see many of our students take too much time off and lose momentum. Now your children can get the help they need to catch up, get ahead and stay ahead.

1-2 Hours Per Day

Our Summer Pass allows students to come 1 to 2 hours per day. Not enough to burn students out but enough to make great progress. We want all of our students to start the next school year off successfully. Focused work during the summer is the key.

40 Total Hours

The Summer Pass allows for up to 40 hours of tutoring from 6/1 until 8/31. Make the next school year easier by signing up now! The Summer Pass is good for all subjects and all grades. ***Students registering after 5/31 will receive 32 hour total.**

Quantity & Quality

Σngenius Learning Center provides the setting and expertise to develop and retain reading, writing, and math skills over the summer months. With our incredible Summer Pass offer, your child can work up to 40 hours this summer to catch up on one or more subjects. For those who want enrichment help, you can break the 40 hours into several different subjects to be ready for the next academic year.

A successful summer spent tutoring can help your child return to school in the fall with increased confidence and much improved skills.

Σngenius summer students can come up to **40 hours** between **June 1st and August 31st** at a rate as low as **\$25 per hour** (1 - 2 hours per day maximum). *The Summer Pass costs just \$995 and is the best option for your student this summer.*

Core Fundamentals: Reading, Writing and Math

The Common Core brought a great deal of attention to the weakness in California's school curriculum. Σngenius Learning Centers have always taught the fundamentals, so we are way ahead of the competition in preparing students for success with the Common Core curriculum.

With 40 hours available to you, your child can work on reading, writing, and math to catch up or get ahead. Allow us to test your child, **for free**, to help you place him or her in the right program(s).

Jump Start Classes

Our Jump Start classes are exactly what they sound like: a way to get your child a **big advantage** when it comes to coursework. We offer these courses in all math, science, and foreign language classes.

Test Prep

The ACT and SAT both require critical reading skills. Don't settle for a substandard test prep program that does not improve the core skills tested. Our ACT and SAT Analytical Reading Program dramatically increases students' scores in reading, writing, and math (advanced math questions are reasoning based).

- 8 to 24 hours of Analytical Reading can raise scores significantly
- 8 to 16 hours of grammar and essay writing make for better scores on the writing sections of both tests
- 16 to 24 hours of strategies will increase efficiency and *maximize* scores.

Essential Skills - Building Lifelong Study Skills

The skills students learn in this class will benefit them for a lifetime. No matter what stage of life you are in, setting goals, learning to prioritize, managing time, taking notes, and planning for projects are essential. This course covers those essential skills in 24 lessons. The good news: take the Σssential Skills course and still have hours remaining to improve reading, writing, math, science, or test prep!

Details

The Summer Pass allows for a maximum of 40 hours of tutoring from June 1st - August 31st. Total cost is \$995 (cost per hour is based on completion of all 40 hours). **To receive 40 hours, you must enroll by May 31st. Students enrolling after May 31st will be eligible for 32 hours total.** Students can come for a maximum of 2 hours per day. There are no make up sessions. Two or more **unexcused absences** will result in losing your scheduled spot. You will be put back on the schedule at the next available opening. The Summer Pass is available for any child in any subject, but each child must have his or her own Summer Pass. **Summer Passes are non-transferable.**
